Information Technologists

ministering to churches and missionaries with their computer needs

Brothers and Sisters in Christ,
We are excited to share an update on this upcoming summer and our future ministry trips. We will be full time in the ministry starting this June.

Summer Travels & Family Throughout the summer, we will be traveling to Florida, Tennessee, Ohio, and California to visit our children, grandchildren, and siblings. We have plans to meet with technology partners in Louisiana, Texas, and Oklahoma. During this time, we will also be visiting the **BIMI home office**.

We are currently assisting **Hawaii Baptist College** (hbc.koolaubc.org) by implementing:

- **Google Classroom:** Streamlining student and course management.
- **HeyGen:** Utilizing AI-driven video translation to make lessons available in multiple languages.

International Ministry Since our return from the Philippines in December, we have completed several church websites and are now turning our sights toward **Japan and Okinawa in September.** We look forward to working with:

- **Pastor Chris Parker & Al Allshouse** (Maranatha Baptist Church)
- **Pastor Fred Rojas** (Sasebo Baptist Church)
- **Pastor Ed Navato** (Freedom Baptist Church)

We are doing some pre-planning for livestream and sound system work.

Connect With Us If you know of a church or ministry that requires technical assistance or has a project we can help with, please reach out. We are grateful for your prayers and support!

May the Lord bless you,
Ed and Armi Habal
